

How to manage or customize Footer part?

Introduction:

One or more lines of text that appears at the bottom of every page of a document are known as footer. The footer is also treated as its own section of the web page, separate from the header, content, and sidebars. Footer is important for two reasons one, it displays potential technical information for users and secondly this can be accomplished with advertisements, design, images and media. In STEP-1 you can see there are advertisement, social media, important links and copyrights on the frontend footer part.

The Footer typically contains:

1. Copyright information
2. Sitemap
3. Contact information
4. Back to top links
5. By-line or authorship information
6. Related documents
7. CSS / JS

Please follow STEP-1 & STEP-2

This is the ending point of footer

Now we will define you that what is advertising, social media and links in the footer part and how you can manage or edit them.

How to change footer advertising?

advertising is mass media content intended to persuade audience of readers, viewers or listeners to take action on products and services. It is also known as a form of communication to promote a product and service. If you want to edit any of your advertisement then you have to login to admin panel and there you can see Ads /Commercials Management. This process is same for all types of advertisement on footer part in your system just ID and code will be changed for different products. Please follow STEP-7, STEP-8, STEP-9 & STEP-10

[STEP-7](#)

The screenshot shows a web browser window with the address bar displaying `demo.realestates.com.bd/Administrator/`. A green callout box points to the address bar with the text "This is Admin Login Path". The page header includes a green bar with "STEP-7" and "Admin login as follows.". Below the header is a navigation bar with the Eicra Soft Ltd. logo and the text "CONTROL PANEL". The main content area is titled "Please Enter Your Login Details" and contains a login form. The form has a "Username:" field with the value `demo@realestates.com.bd` and a "Password:" field with masked characters. A blue "LOGIN" button is below the password field. A green callout box points to both the username and password fields with the text "Admin Username & Password". To the left of the form is an illustration of a yellow folder with a red padlock. Below the form is a green button with the text "Click Here to Login". At the bottom of the page is a green bar with a "NOTES" icon and the text "The web interface is to log on to Administration Panel - <http://www.yourdomainname.com/Administrator>".
